About Ann Bellinger

Ann Bellinger is a driven makeup artist with many years of experience creating makeup looks including high glamour, natural beauty, fantasy, and special effects makeup. She has been able to work in many different settings including film, television, theatre, and working with celebrity speakers and executives for corporate events.

Ann is comfortable in any situation with busy productions and the need to meet set time deadlines. She has been doing makeup for many years, starting in her teens with beauty makeup for proms and other special events. She moved on to theatrical makeup design and application at her local theatre, and by the time she hit her twenties she had expanded her makeup portfolio to include many more aspects of makeup artistry.

Over the years some of her work has included applying makeup for actors and models for their headshots and contact sheets, doing freelance makeup on location for several cosmetic companies, designing and applying makeup for film and television - including beauty, special effects, old age and even painting a doll to resemble an actress for a film. She has worked as a makeup artist in many professional settings. and thrives on creating eye catching designs, be they realistic or fantastical.
